LIFEPHARM BUSINESS OPPORTUNITY ENDORSEMENTS

"I used to take care of my grandchildren and the household but now I have a new job. I share my experience of improving health and let others know there's also a business opportunity that can help their families and loved ones. It helps motivate my daughters and granddaughters to create a family plan we can all share. In Puerto Rico, there's a lot of need for employment, so I always follow up with the business opportunity after introducing the product benefits."

- Enid A., *Puerto Rico*

"A week after being introduced to LifePharm, we made the decision to not only be product consumers but to build a business with this company. LifePharm is a high-quality company that offers a business we can conduct via the internet with products that are unique with unparalleled results on the market—and we can obtain it not only in Kazakhstan but also in nearby countries. We made the right decision: my wife is so much healthier and I've earned \$15,000 in nine months, compared to my old salary of \$6,000 for the whole year."

- Daniar T., *Kazakhstan*

"When I learned about LifePharm, I was interested in the business aspect because for me, it was a new experience in marketing. I had graduated from college five years ago and was in the rice trading business. For the last few months, I have been working my LifePharm business full time. I am passionate about building a support system for my community. LifePharm has both excellent products and a good business opportunity, so there really is no reason to resist becoming healthier and more successful at the same time. I want to share the LifePharm experience with everyone over the long term, and my plan for success is focused on three simple words: Just do it."

- Amin S., *Indonesia*

"Since September of 2015, I have focused on LifePharm and operate on a full-time basis. For years, I owned a small construction business but closed it when I decided to concentrate on network marketing three years ago. I now conduct my LifePharm business both online and offline to make new contacts daily. I believe that success in this business depends on caring and supporting both customers and downline. I consistently ask them how they are doing, and it gives me great pleasure to hear their rave reviews. I think that really is the key to my success with LifePharm—I can help people in such a simple way."

- Michael B., *Germany*

"I generally talk to my friends more about the product and less about the business, but even so, I am making a good amount of money and plan to continue building. Thanks to LifePharm for great products and a wonderful business opportunity."

- Maciej T., *Poland*

"I am proud and grateful that I achieved the rank of Silver IBO in only four months after joining LifePharm. I currently work my LifePharm business part time. I believe the success of my team is due to our story telling and service. We treat our customers as if they are kings. Health is the first wealth and the money then streams in naturally."

- Roman S., *Indonesia*

"I've earned plenty of money before now, but the incentive with LifePharm is the residual income that will come in the next months and years. The main attraction of working in this business is that it's a lot of fun to help other people. My three main tips for business-building success are to do things that feel right in my heart and gut, to be silly sometimes and to ignore the comments of people who are not successful. I'm working my LifePharm business part time and my short-term goal is to personally sponsor three Silver IBOs. My long-term goal is to build and set up three Platinum IBOs on my team."

- Daniel B., *Germany*

"I want to help enable countless women to build their own livelihoods with LifePharm and enjoy earning residual income the same way I do—something that was new to me. In doing so, I'm also able to earn a substantial income."

- Slawomira G., *Germany*

"I work my LifePharm business part time and joined about a year and a half ago. Working as a LifePharm IBO has helped my own financial situation, so I am able to support and help others. My goal is to reach the rank of Gold IBO in the near future."

- Hj Hamimah Abd R., *Malaysia*

"Financially, I enjoy the advantages of being part of LifePharm. I believe the company offers an excellent compensation plan. I can positively look into the future again, and I am expecting a great year of 2016."

- Thomas T., *Germany*

"I believe the LifePharm product meets people's needs and the compensation system gives you financial benefits. In other words, as a LifePharm IBO, you not only help people become healthy but also give them a chance to obtain financial freedom. It is also a great opportunity to elevate your social status."

- Gyeonghee C., *Korea*

"I've been taking Laminine since October of 2015 and now even earn some extra money with the help of my son Fabian. I'm 81 and retired, but now look forward to a future with LifePharm."

LIFEPHARM BUSINESS OPPORTUNITY ENDORSEMENTS

"After studying pharmacy at the National Institute for five years, I worked in that profession for more than 20 years. In that time, the money I earned did not give my family financial freedom. I came into network marketing because I needed

additional income and saw how this industry could improve my financial situation faster than in a traditional job. Instead of working 40 years and retiring, I saw that with network marketing, you can create a career quickly and make the type of income I never could in pharmacy. When LifePharm opened in Kazakhstan, I immediately took advantage of the launch and started enrolling people I knew. Friends invited people they knew and in a very short period of time, I became a Silver IBO.

- Gulzira K., *Kazakhstan*

"I work my LifePharm business full time and intend to expand my network over the short term. My long-term goal is to educate the growing numbers of downline in my business organization. I am happy to be able to help people not only

transform their physical well-being but also their lifestyles."

- Herry S., *Indonesia*

"Working with LifePharm is my passion. I not only have financial satisfaction, but I also know that I can do so much for others. I can take care of the health of my relatives, teach people how to improve their lives and make money, all the time

while helping others. With LifePharm, I am honored to help people live beautiful lives and realize their goals and dreams."

- Jolanta K., *Poland*

"Since actively promoting Laminine in May of 2015, I reached the rank of Silver IBO in October, all without leaving my job. In five short months, our customers have grown from town to town in Indonesia, all the way to Texas in the United States. It's still growing naturally, day by day. I am proud that one of my leaders, Roman, already reached the rank of Silver IBO in only four months!"

- Dr. Sulistya P., *ST, MA, Indonesia*

"I not only share the health benefits of Laminine, but I also help people with the financial opportunity. I have witnessed happy and positive results, even though I work my LifePharm business on a part-time basis. My goals are to work even harder to receive and share more with others!"

"I currently work my LifePharm business part time, but I intend to go full time in the near future. I was quite surprised by the positive feedback I received very quickly from customers. Although I introduce the product first, as soon as there are initial results from taking the products, I introduce the financial possibilities."

- Dariusz J., *Germany*

"LifePharm has changed my life. I was struggling to find a job before joining LifePharm. Now I enjoy approaching the public and helping people who want to achieve good health and finances. LifePharm has provided me with a good income, and I hope one day to focus on my business full time. My target is to achieve the rank of Gold IBO before the end of the year."

- Ripin Hj T., *Malaysia*

"I am a master craftsman in masonry and had worked for 14 years as a senior project manager. Then I worked in sales of adaptogenic products. That proved to be financially trying, and I had been thinking about returning to work as a construction manager, which would have given me little time for my family. Now that I'm with LifePharm, I've grown physically, emotionally and mentally and am looking forward to achieving financial freedom. My goal is to earn enough to purchase a Tesla, because it's ecologically sound and large enough to transport my family. With two children, my current car is sometimes too small. My other goal is to buy a beautiful piece of property on which to build a log cabin."

- Gerd S., *Germany*

"Working with LifePharm has helped me to achieve my life's mission, which is to give people solid advice on how to improve their health and financial status. I want to help people who are open to bettering their lifestyles. LifePharm has

given me real wings because not only have I improved my own health and finances but I also have the satisfaction of helping others. My goal for 2016 is to help my team members grow their businesses and to reach the rank of Platinum IBO."

- Mariusz L., *Poland*

"The key to this business is to share Laminine with as many as people possible. I started by introducing Laminine to my family and close friends. You need to tell people that LifePharm can give you the opportunity to reach your goals. The best thing

about LifePharm is doing a business with a team who is very supportive and cooperative. My short-term target is to be a Gold IBO and my long-term focus will be to become a Diamond IBO!"

"I have been a police officer for the past 30 years. I work my LifePharm business part time. My financial situation has improved as my LifePharm business grows, and I can go on vacation and fulfill some of the dreams I've had for a long time.

In the short term, I want to expand my team to 1,000 partners, and in the long run, I want to generate a substantial income, enough to allow me to quit my job as a police officer."

- Thomas S., *Germany*

"I introduce LifePharm to people with the product benefits and the opportunity to earn income. LifePharm has changed my life: I am healthier, have more income and have more self-confidence."

- Maimunah H., *Malaysia*

"LifePharm has given me a new job and sense of purpose. The way my life is structured at the moment, working full time is not an option. Looking after my two children and working with LifePharm fits together perfectly. If you enjoy

working and would like to be part of something that really makes a difference to people's health and lives, then getting involved with LifePharm could be just what you are looking for."

- Sophie D., *U.K.*

"Working with LifePharm has begun to bless us economically. I pay for my brand new Kia Optima and my Dodge Caravan from the commissions I've earned. It continues to drive me towards excellence and to help people become the best they can be in every arena of life. I have been a pastor for 34 years and tailored custom made suits and shirts for 20 years. I still do that, but primarily I work my LifePharm business full time."

- Isaac M., *U.S.A.*

"My mother and I work our LifePharm business together. We believe that customer service is of the utmost importance. We introduce the product and then present ways for the customer to have their purchase paid for. If the customer shows an interest, then we present the business building opportunity.

We used to operate an LED lighting company as well as do nutritional counseling; now we work with LifePharm full time—it is a company with unique products and provides a good income."

- Alexander R., *Germany*

"My decision to join LifePharm was based on the compensation plan. As I saw the matrix model, I knew this would be a financial solution for many people, as long as the products could back up the plan. What makes me happy is to see the

perspectives of people to whom I introduce this business, as their incomes grow very fast. My own income is growing quickly as well and this is a great reward for our efforts."

"I have been self-employed since I was 21. I have about 10 years experience in network marketing and have experienced many things—good products but companies came and disappeared. Just like many others, I experienced too much time invested and too little earned. LifePharm is exceptional in this regard. In addition to providing top products at really good prices, the compensation plan ensures that everyone gets rewarded a fair share for time and commitment. I find this is very important, because most people involved with network marketing want to earn an extra 500 euros or so per month. Even people who have little or no experience in network marketing are open to this possibility."

- Holger M., *Germany*

"LifePharm has the most user friendly, well-designed and lucrative compensation plan in the industry. My goal is to fully replace my medical income within six months and to achieve a monthly six figure U.S. income within two years on my way to complete financial freedom. My ultimate goal is to be able to spread the good news about Laminine and LifePharm to millions worldwide."

- Dr. John Michael P., *U.S.A.*

"I work full time as a LifePharm IBO, but I enjoy the daytime. My work time usually is during the evening and the night, because of the time difference between the Philippines, where I live, and Germany, where I'm from. I used to find it difficult to sell the product to Germany, but now I am very happy because LifePharm is open in Europe! My goal is to help people around the world feel better and be healthier, regardless of their physical challenges and be able to earn money to reach their dreams."

- Michael H., *Philippines*

"I want a better life, better opportunity and better health. We need to focus on additional income in order to live better. With only one income per family, it's insecure—people can lose their jobs and the economy is not stable. My goal is to help support my family by creating residual income with the LifePharm products."

- Monika K., *Poland*

"LifePharm enables me to help people with the opportunity for a better quality of life. This is accomplished with the LifePharm products, which may help people maintain a stable income. Currently I work part time with LifePharm and have integrated the products and opportunity into my work as a health educator in the medical field. My short- and long-term goals are the same: to continue giving as many people as possible, a better way to health living."

"After personally experiencing the benefits of Laminine, I began to share it with family and friends, as well as other people. I started sharing not just because of the product, but because I believe LifePharm offers an opportunity to earn income. By sharing the opportunity to improve health, I am also sharing the opportunity for financial security."

- Teddy S., *Indonesia*

"The LifePharm opportunity provides me with an additional income that helps support my work in doing life and health counseling. It is always important to suggest to my clients a natural and effective way to be healthy, and when they are interested, I present the financial opportunity. I work my LifePharm business part time and am striving for the rank of Gold IBO."

- Ursula F., *Germany*

"LifePharm is my full time business. My short-term goal is to earn enough to purchase a new car. The one I currently own is 10 years old. I also want to improve the overall quality of my life with the LifePharm compensation plan. Over the long term, I want to grow together with LifePharm—as the company continues to expand globally, so will I. I see the LifePharm opportunity as a way to financial security, much like a pension plan."

- Sang J., *Korea*

"Although the financial rewards of being an Independent Business Owner are great, I always lead with the product. Whenever I meet new customers, I always introduce Laminine as the top product they should be using in their lives. I firmly believe that we have the best product available, and helping people with their health is one of my favorite things. I also look for people who may want to join the business and make them aware of the opportunity by showing how they can get the product for free."

- Beryl D., *U.S.A.*

"I have only been involved with LifePharm for three months, but I would love to have the financial freedom that the opportunity offers. My goal is to continue growing and achieving higher ranks, step by step. I intend to have a long relationship with LifePharm, because helping others to achieve success is most important to me."

- Maria C., *Australia*

"We built a business with three companies prior to joining LifePharm, and for various reasons, we left all of them. We were looking for a company we could call home, a company we could build for the rest of our working lives. We believe we have found it with LifePharm."

"In addition to the health benefits, Laminine, when shared with others, will advance your finances. Whether you want to be comfortable or to be completely financially free, I believe that money is the outcome of sharing my personal gratitude for how Laminine helped me and my loved ones. Achieving the rank of Silver Director is the start to a fruitful endeavor in this business."

- Dennis A., *Philippines*

"The wonderful LifePharm compensation plan solved a few important issues in my life. When the stress of financial hardship eased, I became happier and healthier in every way. What I am happiest about is that the people who I recommended Laminine to are really excited and grateful for this product. They now have the opportunity to share it and create an income stream of their own."

- Svetlana G., *U.S.A.*

"The LifePharm Business Opportunity has given me confidence in all my transactions! I am more relaxed and enjoying my daily life. Most of all, my financial worries are less stressful. The LifePharm Global Business Opportunity has made me proud of myself as an Independent Business Owner."

- Marieliza I., *Philippines*

"When I share Laminine with others, most become clients. Others see the great opportunity for building a business and making money, so they become IBOs. The compensation plan gives everyone a great opportunity to make money. My personal goal is to become a top leader in LifePharm. I know that I can reach my goal with my business partners and the management team at LifePharm."

- Timur S., *U.S.A.*

"LifePharm is full of wonderful people who I consider to be my second family. I have made many new friends. I work full time in the business and became a Silver Director in December of 2012. By October 2013, I had reached the rank of Platinum Director. My goal is to continue introducing more people to this miraculous business. From earning only a thousand dollars a year for many years in the U.S., I'm now a successful Independent Business Owner!"

- Nina A., *U.S.A.*

"Everything in my life has become more positive since I joined LifePharm. In just one year, I'm making a good income; I have received many rewards from the company, and I've reached the rank of Platinum Director. Best of all, I now have the ability to help others. I think the magnitude of the opportunity is epic."

I haven't encountered many challenges, because Laminine and the compensation plan just make everything fall into place. I have upline who help me, and we all work together. We are more of a team than individuals. I have the long-term goal of continuing to build and to take my LifePharm business to the top."

- Kayla P., U.S.A.

"Laminine gave my wife her health back, after struggling with physical issues for more than two years. We share her story, the products and then follow up with the business opportunity. We invite people to health seminars and have created AHA, which stands for Amazing Health of Action."

- Rendy I., Indonesia

"I love my team and believe you should always set an example for others. I joined LifePharm in February 2013 and by November 2013 I was a Platinum Director! My team already has more than 10 Silver Directors, Gold Directors, and even a Platinum Director! In the future, I plan to continue to grow and advance my team on the global LifePharm stage."

- Rashid T., U.S.A.

"The entire LifePharm system works for me. The kind of success each individual achieves in this business is dependent upon the level of desire and work ethic. To succeed, we need to treat everyone with love, patience, and respect. We also need to make specific plans and implement them. My long-term goal is to help others become financially independent, and absolutely healthy. The opportunities for health and wealth with LifePharm are phenomenal!"

"The opportunity to create long lasting residual income is very high with LifePharm. I always ask people if they would be interested in seeing how they can work from home on a computer and create a flow of money for themselves. LifePharm has a unique product and generous compensation plan."

- Irene S., U.S.A.

"For anyone to succeed in business, I believe you need to have a positive attitude, patience, and the ability to see the big picture. LifePharm has provided me with the vehicle to achieve my main goals in life: to find a source of infinite income, to access my personal fountain of youth, and to spread the knowledge of life changing opportunities."

- Olga I., U.S.A.

"Laminine has improved my health and skin. As my health is enhanced, my income has increased! I will introduce Laminine to many people, so they can feel the benefits. I will also pursue further qualifications to achieve higher ranks."

Linda, Indonesia

"When I received such good results from Laminine, I was inspired to work the business opportunity. When sharing with others, I start by doing a product presentation and then show the compensation plan. I am happy to be able to help people not only with their health but also with their finances."

- Edison T., Philippines

"Laminine quite simply changed my life and has helped give so many others and me an optimum sense of well-being, health and abundance. This super-food is an incredible breakthrough in nutritional science and I am so grateful to LifePharm for bringing this gift to the world; they are a truly wonderful company that helps us to help others in an exceptional way. It is an absolute privilege to be able to distribute the profound healing qualities of Laminine as far and wide as possible, and the expansion of our rapidly growing team has been phenomenal."

"The first time I saw a presentation of the LifePharm marketing plan, I was shocked. For the first time in my life, I saw a compensation plan that always rewards work and pays generously. With LifePharm, I saw the true value of my labor.

I began to believe in myself. I renovated my apartment—I changed all my furniture and the office. I was able to give my son a wonderful birthday gift for the first time in his life. And, I now own my very first car! I want to help the partners on my team to achieve what I have and help tens of thousands of people with their health and finances."

Inga K., U.S.A.

"I had a very compelling story to share with others because of the significant improvement in my health after taking Laminine. This made it easy for my wife and me to launch our LifePharm business and help other people along the

way. The generous LifePharm Compensation Plan and weekly commission payout were both factors enabling us to save our home and restore financial stability. I am committed to helping as many people as possible to experience the same benefits we did, both with their health and their finances, and build our business into a full-time income."

Will T., U.S.A.

"The new LifePharm Animated Compensation Presentation is detailed, elegant and lucid. I think it's the most effective way to showcase a marketing plan. I consider myself an ordinary consumer of Laminine, but after watching the presentation only once, I asked myself why I don't use the 10 LifePharm streams of income for myself! I will be watching the LifePharm Animated Compensation Presentation many more times, so that I can fully appreciate the outstanding benefits of the LifePharm marketing plan. I know I can do it and so can you!"

Igor P., U.S.A.

"My Laminine experience has been effective on so many levels. I became an IBO in January 2014, and four weeks later, I had already achieved the level of Premier. My earnings not only pay for my product but also make my car payment. I only take a moderate amount of Laminine, yet the years of discomfort in my hands is all but gone and my weight has stabilized. Thank you for a wonderful and easy product to share and a generous compensation plan."

Doris D., U.S.A.

"With LifePharm, I personally became healthier and knew I could make a lot of money as well as help other people improve their lives. The company has a compensation plan that is fair, so I share the opportunity with business builders and the product with customers, and work consistently every month."

"LifePharm has been great to work with. They have always looked after my success and me. My business has escalated because the product and the business side of it work wonders. I am still amazed at the success I have had, and I thank all who have helped me on my journey."

Barbara T., Australia

"When I discovered Laminine, I switched gears from attending cosmetology school to working as an IBO at LifePharm. I understood immediately how great the demand for Laminine would be, and also appreciated the compensation plan, with its cash bonuses and other rewards. I am working towards achieving top results with LifePharm."

Elena M., U.S.A.

"I believe in duplicating the actions of our LifePharm leaders and treating our team members with respect. I am constantly trying to find the right people to join our business, people who can benefit both physically and financially from Laminine and OMEGA+++ . I always combine business opportunity and lifestyle with product, and especially like to promote the idea of being your own boss and creating residual income. My entire family uses Laminine and we can see how it really works. Personally, I have less stress in my life and can be more productive, and I no longer feel worn out."

"Since June 2013, I have been working my LifePharm business full time. I see everything I need to be successful—unique product and compensation plan, unique gifts and trips! To build a great team, you need to do a few simple things: attend all trainings and LifePharm events, and recommend your partners do the same."

Galina K., U.S.A.

"To be successful in business building, you must believe in LifePharm as a company. You must also have faith in the product, the compensation plan, and our leaders. The key to network marketing is faith in the system and belief in yourself. For me, LifePharm is more than a business; it's a means to prosperity. This in itself is life!"

Larisa N., U.S.A.

"Generally I focus on sharing the LifePharm business opportunity, but if someone is more interested in product, I talk about Laminine. I like to share the business opportunity because of the wonderful compensation plan. It is a way to turn your dreams into realistic goals and go forward. My long-term goal is to help all my business partners achieve the same things: to become healthy and obtain financial freedom."

Konstantin B., U.S.A.

"LifePharm is a company that gives hope to the whole network marketing industry. Laminine is a product we can all be proud of, and really works in providing strength, energy, vitality and an improved sense of well-being. We are blessed to have what I believe to be a life-changing product, and I now look forward to each day I can tell someone about Laminine."

Fergus C., U.S.A.

"Laminine changed my whole life. I used to be a vegetable vendor at a market and made very little money. It was very hard to survive, because I am the father of two. Then my brother told me about Laminine. My dreams are starting to come true because of the LifePharm business. I'm so happy, because many people are saying 'thank you' for introducing Laminine to them. My goal is to have free time and financial stability. I want to become a Royal Diamond Director one day."

Lemuel M., Philippines

"I love working the LifePharm business, because by helping people to improve their health, we simultaneously can give them the chance to enhance their lifestyles with the rewarding compensation plan. My business day consists of introducing the health and financial opportunities to others, while helping my partners to build the business and understand the products. I will continue to work with my team to help each of them reach their goals."

"With LifePharm, I found a company with phenomenal products and an equally phenomenal business that brings health and financial independence. My goal is to become a Royal Diamond Director by creating a multi-million dollar organization of healthy and prosperous people who benefit from Laminine and OMEGA+++."
- Kamka M., U.S.A.

"Sharing stories about Laminine with everybody I meet has enabled me to quit a physically debilitating job, so I feel happier and more secure in life. My goal is to find people who can become strong leaders in our business."
- Galina L., U.S.A.

"After coming through the six most challenging years of our life and almost losing everything after the great financial crisis, we were burned out and praying for clear direction. Everyone said, 'Wow, I can't believe how normal and great you actually look.' We have Laminine to thank for that."
- Tanya W., Australia

"I resigned from my job as an executive assistant with an engineering company to become a full-time homemaker and home school my children. With LifePharm, I'm able to share the products and build a new career without sacrificing time for family. I receive the income I want and with the click of a button, all my 'paperwork' is done, which gives me more time for my family. Not only do I have a new career I'm proud of, but I have a sense of being able to reach early retirement!"
- Lucy S., Philippines

"I had endured many years of continuous stress in my life

and was burned out, without support, close to bankruptcy and suicidal. I had some Laminine and in two days, I felt better. Laminine gave me the strength to cope with the challenges life was throwing at me. I have found some beautiful friends on the Laminine journey."

- Norma S., Australia

"I am very grateful to LifePharm for the excellent compensation plan. It allows us to obtain Laminine free of charge and to receive additional rewards. Thanks to my sponsors and a solid team of supporters. Because of this wonderful system and their support, I was able to reach the rank of Silver Director in only four months. I have now involved both my husband and son in the LifePharm business. My goal is to have every household be one that uses Laminine and create thousands of healthy and happy people!"

"We very quickly enjoyed the financial benefits of working our LifePharm business. Phil started consuming Laminine in February, Steph began in April and in that same month, we were covering the cost of our own purchases."

- Healthcare Management, *Australia*

"In order to be successful, you need to love people, be available at all times, and always help your partners to be better than yourself. I have met so many nice and kind people through the company. LifePharm gives me the opportunity to help people in need and that makes me so happy!"

- Galina L., *Canada*

"If a person is interested in doing business, I send information and invite him or her to webinars. I try to know them better in order to find the best possibilities for them. I explain how people can earn free product for themselves and their families and ultimately, even earn an income. For people who are familiar with networking, I explain the LifePharm compensation plan. I show how I started to make more and more money and my perspective for further growth. I help my team focus and stay motivated on their way to success and am looking forward to four team members reaching the rank of Silver Director. One of my goals is to go on a 20-day cruise with my husband and daughters."

- Grazyna D., *Poland*

"I love introducing LifePharm to everyone I meet, so they can have the same results our family has had. The compensation plan still leaves me astounded, and the support from the company is second to none. I love it!"

- Anita C., *Australia*

"LifePharm has changed my life in various ways. I am in better health—I avoided an operation for my damaged shoulder and my physical strength increased. My finances also improved. It is a great thing to be able to help other people with their health without being a doctor. I want to help people improve their fitness and health, as well as their finances. I love convincing people about the products and the opportunity, and it's easy because I simply tell them my own experiences. Right now I work my LifePharm business part time but hope to go full time by the end of 2015."

- Martin S., *U.S.A.*

"My initial reason for trying Laminine was the potential to earn extra income. The business plan looked good and Laminine was about to be released to the Australian market. I was keen from that perspective to see if Laminine would help me. It changed my life from a health perspective and is now having a positive impact on my finances as well."

"After an epic fail, there is no better comfort than to be able to make new plans immediately. After being fired from my job at a casino in June of 2014, I was thankful to join LifePharm. I recognized that I could help a lot of people to reach better health and become financially independent, if they want to work at this business. My mission is to give everybody the same opportunity!"

- Katharina R., U.S.A.

"Financially, Laminine has taken the pressure off me by enabling me to pay off my credit card debt. I had that debt for a long time and previously wondered if I was ever going to pay it off. Laminine has been, and continues to be, a gift to me in so many ways. The financial return is secondary for me, because there is a higher purpose or priority to this business that expresses a humane, loving spirit of service in meeting a need that transcends the goal of creating an income. To me, that is the essence of really being in any form of business and which Laminine symbolizes."

- Julie W., Australia

"I endorse LifePharm as a company and opportunity that ticks all the boxes regarding what you need in place if you are looking for either better health or better finances. They have a unique, effective and well-priced product positioned in a massive and expanding wellness market. They are a proven company that is still early in its growth cycle. The management team and company culture are everything you could want in a business partnership and the compensation plan is very distributor friendly and allows people who would not normally make money in this industry the ability to either have their product paid for or develop growing secondary income streams. I passionately endorse this company."

- Brigitte H., Australia

"I am experiencing right now that my dreams of financial independence and freedom of time will become real through LifePharm. This experience has given me the opportunity to meet and network with people from all around the world that share the same dreams and motivations: people who are not looking for a handout, people willing to work and sacrifice to reach their goals. I want to help many more people who want and need to change their lives financially."

- Dr. Jose T., Puerto Rico

"When you know exactly what you want, sooner or later you will get to where you should be. Two years ago, I realized with which product and business I would like to work. A clear awareness creates a powerful intention, which led me to LifePharm. Within the first six months of working with LifePharm, I was able to improve my health and that of my family. I was also sharing the amazing products and able to help others improve their health and financial situations."

"My tips for success are: Always make a plan. Write down how you can build your business around what you do now. Allocate time in your day or week when you can work on growing your business. Make your list of everyone you know and talk to them. Set short- and long-term goals. It may be a health goal or a level you want to be by at a set time. I set a goal to qualify for Silver Director within 12 months and did it in nine. When people come back to me after trying LifePharm products to find out how to supply other people, that's the time to introduce them to the LifePharm Opportunity."

- Chris E., U.K.

"It is very easy to become successful and prosperous with LifePharm. Simply use the product, tell about your results to the greatest number of people possible and believe in yourself, the company and its success. Based on my 20 years of personal experience, I can recommend LifePharm to everyone who cares about health and financial stability."

- Anatoly I., U.S.A.

"The LifePharm marketing plan tells you how to build a business: sponsor 10 people and out of them, find at least five that want to do the same by sponsoring their 10, then repeat the process four times and you should be on your way to Platinum Director. The network marketing industry turnover in 2013 was \$178 billion, bigger than the movie, music and games industries combined. Experts predict that over the next 10 years, the industry will grow to \$500 billion per year. LifePharm is in a position to be a major player within this industry. Personally, I am going all the way to Royal Diamond."

- Camilla M., U.K.

"I work my LifePharm business during my free time. In five months, my earnings with LifePharm are already higher than from my regular job. I really like the LifePharm Compensation Plan, because it's simple, efficient and pays well. I believe anyone can climb up the ranks simply by using the products daily and telling everyone about their benefits of producing overall well-being, youthful appearance, improved energy levels and cheerfulness. I am going to work on creating a stable income through LifePharm and working my way up to the rank of Diamond Director."

- Anna W., U.S.A.

"There is a sharing of knowledge and technology in LifePharm that is rare on this planet! This is a quality in business that is being explored and conducted by just a few, and LifePharm is one company that is heading in the conscious and correct direction. This is a powerful message of integrity and that is why I want to partner with LifePharm."
